(Associated Press Telegram)  
Brownsville, Texas, Aug. 9.—Five Mexican bandits and one Mexican woman were killed in the fighting yesterday at Norias, 68 miles north of here. For an hour, fifteen Americans, eight of them United States cavalrymen, stood off the attack of sixty Mexicans. Five of the Americans were wounded, three of the latter soldiers. The fifteen Americans were saved from death just as their ammunition gave out, by the arrival of seventeen Texas rangers.

With the expectation that United States soldiers sent to Norias last night would relieve the situation there, caused by the attack of Mexican bandits, border officials here today turned their attention to reports that 300 Mexicans had crossed the border into Hidalgo county, Texas, in small parties, and apparently were making their way to a concentration point. What this portended, none of the officials would venture a guess, but it was admitted unusual precautions were being taken by peace officers and ranch owners to prevent outbreaks.

Details of the fight at Norias ranch, 60 miles north of Brownsville, last night, were awaited here with interest. Owing to the isolated nature of the country there and the fact that the bandits cut all telephone wires from the ranch, only meager reports had been received early today. These estimated the attacking forces as numbering from 200 to 250. Fourteen ranchmen, later reinforced by a detachment of United States soldiers and Texas rangers, repelled all attacks of the outlaws, who, several of their number dead, finally retreated southward. All passenger trains were stopped last night for fear they would be wrecked by the outlaws in passing through the affected district.

Colonel A. P. Blockson, commanding the lower Texas border patrol today dispatched additional troops to Lyford, Raymondville and Sebastian to strengthen the detachments already at those places.

**CATHOLIC PRIEST  
REFUSES FORTUNE  
OF 12 MILLIONS**

(Associated Press Telegram)  
Pittsburg, Pa., August 9.—Believing his advanced age and an occasional attack of rheumatism would preclude judicious handling of great wealth, Rev. William Graham, pastor of St. Patrick's Roman Catholic church has declined to accept a fortune of from \$12,000,000 to \$15,000,000, left him recently through the death of relatives in Sydney, Australia and Bolivia, South America.

"I have no desire to add to my burdens a lot of wealth that would bring me no satisfaction," said Rev. Graham. "I am by no means rich, but I have enough worldly goods for my physical needs and besides, I am nearly 60 years old and often afflicted with rheumatism. Why should a rheumatic old man like me choose to spend the rest of his days on earth under the weight of so much money. Give it to my poor relatives who need it."

Father Graham yesterday received communications from attorneys in both places asking for directions as to the management of the estate. He at once replied that he did not want the money and directed them to get into communication with the heirs next in line.

(Associated Press Telegram)  
Hartford, Connecticut, August 9.—Rev. Dr. Paul D. Bergin, 55, at one time president of the Christian College at Shantung, China, and a prominent member of the Presbyterian Board of Missions, is dead at his home in West Avon, Connecticut. He was a native of Bellefontaine, O. Ill health compelled him, in 1913, to give up his work in China and on his return to this country, he became a member of the faculty of the Kennedy School of Missions.

(Associated Press Telegram)  
New York, Aug. 9.—Italy will send 650,000 fresh troops to either France or the Dardanelles within the next three weeks, according to Captain Victor Del Franchetti of the Italian army, who arrived today on the steamer Duca D'Aosta.

"There were 500,000 troops in Turin when I left," said Captain Del Franchetti, "and 150,000 more in Taranto, the naval base. Between 150 and 200 large transports were ready to convey the troops to where they were most needed."

The captain will purchase leather goods for the Italian army and expects to visit numerous New England factories.

**BATTLESHIP OF  
TURKS SUNK BY  
ENTENTE ALLIES**

(Associated Press Telegram)  
Constantinople, Aug. 9.—The Turkish battleship Kheyr-Ed-Din Barbarossa, of 9900 tons displacement, formerly the German warship Kururst, Friedrich Wilhelm, has been sunk by a submarine of the entente powers, according to an official announcement issued today by the Turkish government.

A majority of the officers and men composing the crew of the battleship were saved.

The Kheyr-Ed-Din Barbarossa was built at Stettin in 1891 and was purchased together with the battleship Forgetreits from Germany by Turkey in 1910. The vessel was 354 feet long, 64 feet beam and had a depth of 24 feet. Her complement consisted of about 600 officers and men.

The battleship carried four 11 inch guns in turrets fore and aft; two 11 inch guns in a turret amidships, eight 4.1 inch guns, eight 3.4 inch guns and twelve one pounders. The vessel also was equipped with two submerged 18 inch torpedo tubes.

Five hundred and twenty-five men boarded and the other companies of the regiment will join these at their destination.

General Hugh L. Scott

General Hugh L. Scott, chief of staff of the United States army, may be sent into Mexico to try to pacify the warring factions there. His name was brought before the conference of Secretary Lansing and the ministers and ambassadors from South and Central America, and the subject was considered. General Scott has some fame as a diplomat, and the administration believes he might accomplish much by persuasion that would fail if troops were sent into Mexico.

CONQUEROR OF WARSAW, AND HAPPY GERMAN GOING IN

Prince Leopold of Bavaria led the victorious Germans into Warsaw, the largest city thus far taken in the war. But the way was made for him by the hard work of General von Hindenburg on the north and General Mackensen on the south.

The city is the most important so far taken in the war. But the Russian armies escaped and they will reform within Russia for further attacks on the Germans.

Warsaw had 872,478 population in 1911.

Has been called the most beautiful city in eastern Europe.

Is a great manufacturing center, especially of iron and steel.

Situated in a fertile plain noted for its immense wheat production.

Connected by railroad trunk lines with Vienna, Kiev, Moscow, Petrograd, Danzig and Berlin.

Date of its foundation unknown, possibly in the ninth century.

Not mentioned in history until 1224.

In medieval times was the chief

entrepot for the trade of the valleys of the Pilica, Wieprz, Narew and Bug with western Europe.

Has been many times conquered and reconquered, and has been the scene of many bloody battles and uprisings.

Has been held by the Poles, Swedes, Russia, Prussia, the French under Napoleon, Austria and again, since 1813, by Russia.

The University of Warsaw has 1500 students and a library of 500,000 volumes.

## Only American Representative in Mexico City Withdrawn to Forestall His Expulsion By General Carranza

(Associated Press Telegram)  
Washington, August 9.—Carranza officials here said today the Brazilian minister at Mexico City, the only diplomatic representative the United States has in Mexico, has been withdrawn by his government because General Carranza was prepared to expel him from the country as he did Senor Ortega, the Guatemalan minister.

The Brazilian minister reported to the state department today that no reason had been given for the expulsion of Senor Ortega and that he himself intended to sail Wednesday from Vera Cruz on a French liner for the United States. It is believed here that Carranza expelled the Guatemalan and was preparing to expel the Brazilian because of the participation of their countries in the Pan-American conference in Washington for composing Mexican affairs.

The development is a very disturbing one for the success of the Pan-American conference.

Officials who were hoping Carranza would join a peace conference with his adversaries and meet the efforts of the Pan-American nations to settle the factional strife were much disappointed.

It was said by Carranza agents that neither the Guatemalan nor the Brazilian diplomats had been on good terms with Carranza and that it had been Carranza's intention to hand the Brazilian his passports as soon as he again reoccupied Mexico City. The participation of Brazil and Guatemala in the Pan-American conference, they said, brought Carranza's resentment to a climax.

It was recalled that Castro, the dictator of Venezuela, took much the same action when offended by foreign nations.

**WILLIS APPOINTS  
20 DELEGATES TO  
MINERS' CONGRESS**

(Associated Press Telegram)  
Columbus, Aug. 9.—Governor Willis today appointed nearly a score of delegates to represent Ohio at the National Mining Congress to be held at San Francisco, September 20-22. In the list are John Moore, president of the United Mine Workers of Ohio; George Savage, secretary of the same organization; State Representative J. D. Hays of Belmont county; S. J. Patterson of Dayton; Professor J. A. Bowdler of Ohio State university; Professor Frank Ray of the same university; John A. Roan, Zanesville, head of the mining department of the state industrial commission; John P. Knox, Iron-ton; J. L. Murphy, F. S. Knox, P. C. Morris, of Nelsonville; Curt Reed, Pomeroy; E. N. Blower, Trimble; George Scott, Athens; Percy Tetlow, of Columbiana county and Horace Chapman, R. H. Jeffrey and Clinton L. Poston, Columbus.

tions pressing for a settlement of affairs in his country.

The state department advises today said General Carranza was making hurried preparations to move his capital from Vera Cruz to Mexico City. Archives and clerks had been moving to capital since Friday. The impression in Mexican circles here is that Carranza proposes to establish himself in Mexico City and probably proclaim himself provisional president in the face of the Pan-American effort to bring the factions together.

American naval commanders at Vera Cruz have been ordered to place a warship at the disposal of the two diplomats, if they wish it. There are three gunboats in that vicinity, the Wheeling and Machias, at Tampico, the Marietta at Progreso and the Sacramento on which the senior officer, Commander McNamee has his flag, at Vera Cruz.

Secretary Lansing said he was considering American representation in Mexico City in view of the departure of the Brazilian minister, but he did not know what would be done. He assumed, however, that American diplomatic affairs would be in a "sort of a state of quiescence" in Mexico City.

The reason for the Brazilian minister's visit to the United States at this time, the secretary said, were unknown to him.

Charles A. Douglas, counsel here for Carranza, said he did not believe the general contemplated giving the Brazilian minister his passports.

"Regardless of personal differences that may exist between General Carranza and the Brazilian minister at Mexico City," said Mr. Douglas, "the necessity for maintaining friendly relations with the government of Brazil and the government of United States, particularly the latter, would preclude over any action toward Mr. Cordosa."

After a conference with Secretary Lansing, Rear Admiral Benson called Commander McNamee to have an American naval vessel at the disposal of the Brazilian minister when he arrives at Vera Cruz.

Secretary Lansing announced today that the Pan-American conference on Mexican affairs, would be resumed in New York City Wednesday afternoon at 2 o'clock at the Biltmore hotel. He said he did not know how prolonged the conference would be.

With the conference between Secretary Lansing and the Latin-American diplomats over the Mexican situation in recess, administration officials today again turned their efforts toward perfection of a new appeal to the factional leaders which will embody a plan of permanent peace and will go forward with the approval and backing of the six governments participating in the conference. A tentative draft of the appeal already had been sent to President Wilson at Cornish, N. H., and it was indicated that every effort would be made to have it in acceptable form when the conference is resumed in New York.

Announcement that the conference probably would be resumed on Wednesday was made by Secretary Lan-

sing, following his return from New York, where he yesterday conferred with Secretary McAdoo regarding the Mexican situation, although he said that plans for financing a Mexican government were not considered. The principal object of his mission, he said, was to discuss with Mr. McAdoo, plans for the Pan-American financial congress to be held in Buenos Ayres in September.

Optimism fostered by Carranza's action Saturday in expressing willingness to participate in a peace conference, was dampened by reports that he had ordered Dr. Juan J. Ortega, Guatemalan minister at Mexico City, to leave the country.

In view of the fact that Guatemala is represented in the Pan-American conference, the expulsion of the diplomat was taken to indicate an unfriendly attitude on the part of Carranza toward the conference. Officials today awaited response to inquiry into the reported action of Carranza in giving the minister his passports. Dr. Ortega, it was said, has not been on friendly terms with Carranza.

ALLEGED BIGAMIST  
WAS ISSUED TODAY**

(Associated Press Telegram)

Columbus, Aug. 9.—The governor's office today made requisition on Governor Whitman of New York for the return to Cleveland, Ohio, of Louis Bloomberg, alias Charles Blum, wanted for alleged bigamy. Mrs. Fannie Solomon Bloomberg of Cleveland, has charged that after her marriage to Bloomberg on July 23 of this year, she discovered that another woman, Freda Id. Blum, also claimed her husband. Mrs. Blum according to Mrs. Bloomberg, told her that she had married Bloomberg or Blum prior to July 23. It was through a photograph of Mrs. Blum, which she found in her husband's possession Mrs. Bloomberg said, that she gave her the first clue to his alleged other wife.

Requisition was also made on New York for the return to Cleveland of John F. Murnan, who is wanted for failure to provide for a minor child.

**PROBATE COURT WILL  
BE HELD WEDNESDAY  
AT INSANE ASYLUM.**

(Associated Press Telegram)  
Columbus, Aug. 9.—A session of the Franklin county probate court will be held at the Columbus state hospital, Wednesday, when more than 50 former penitentiary prisoners, now confined in the hospital, will be arraigned and tried on charges of insanity.

The board of administration is anxious to transfer these men, who are classed as dangerous and criminally insane, to the new state hospital at Lima. This cannot be done, under a ruling of the attorney general, unless the men are adjudged insane and ordered committed to Lima.

As soon as the hearing is completed and orders for the commitment of these men to Lima are issued, special cars on the Ohio Electric railroad will be chartered. They will be in the care of special and armed guards.

**CONGRESSMAN  
TOOK UMBRAGE  
AT PRESIDENT**

(Associated Press Telegram)  
Washington, Aug. 9.—The White House today made public correspondence with Representative Buchanan of Illinois, who asked for a conference with President Wilson for labor's national peace council and, when it was refused, on the ground that the president had no time for other than international affairs, wrote Secretary Tumulty that the refusal was "tantamount to a declaration that the president is more concerned about the desires of big business than he is to discover the heartfelt sympathy of the common people."

Buchanan added that if he could not see the president he would issue an open letter to the American people.

Secretary Tumulty wrote Buchanan he resented the tone of his letter and the "unwarranted inferences" drawn by the president's inability to see him.

"As far as I am concerned," wrote Secretary Tumulty, "there is no objection to any statement you may desire to make public in this matter."

**REBEL LEADER  
HAS RESIGNED**

(Associated Press Telegram)  
Washington, Aug. 9.—Official dispatches to the navy and state departments today said General Bobo, the Haitian revolutionist leader, had formally resigned as chief executive dismissed his cabinet and ordered all his generals in the North to deposit their arms with the American authorities in Cape Haitien. Bobo, as well as Bourard, another presidential candidate, have given assurances of every effort to preserve good order.

**Villa's Busy Agent**

Miguel Diaz Lombardo

Miguel Diaz Lombardo, minister of foreign affairs in the cabinet of General Pancho Villa, is one of the busiest diplomats Washington has ever known. The conference of Secretary of State Lansing with the six ministers of South and Central American nations in connection with the peace plan in Mexico has excited his interest. He is watching the negotiations and will endeavor to protect Villa's interests. It was said he had a plan for peace which he would suggest to President Wilson and Mr. Lansing.

**Operations in Dardanelles Are Assuming Greater and Greater Importance—Germany Plans Next Severe Blow at Serbia—Quiet Prevails On Western Front.**

(Associated Press Telegram)  
London, Aug. 9.—Russia, having rejected what in England is regarded as a bona fide proposal made by the German emperor for peace, with a part of Poland traded for Galicia, the great struggle in the East must continue and as there is no indication of an immediate general offensive by either side in the west, the struggle of the Russian forces to shake themselves free of the Austro-German grip remains the chief factor in the war news, with an added interest in the Dardanelles operations.

The Gallipoli field will be closely watched because of its possible bearing on the Balkan situation again simmering by reason of renewed quadruple entente pressure on Bulgaria and Greece. Never before has the importance of the operations on the Dardanelles been more keenly realized in Great Britain and France than now, especially as there are many indications that Germany plans to deliver her next hard blow against Serbia in order to link up with Turkey an dthus checkmate the spring plans of the entente allied powers.

It is increasingly manifest that Germany looks to the East for a settlement of the war. By over-running Serbia, she would occupy a very favorable strategic position to invoke Bulgaria's passive or active aid in reaching Constantinople along the main line. The expectations of such a move doubtless have brought about renewed negotiations between the entente allies and Bulgaria.

The Turks claim successes in the recent trench warfare on the Gallipoli peninsula, but there really has been no noteworthy change in the situation so far as the public is aware.

The Austro-Germans continue to make progress, both to the northeast and the southeast of Warsaw and the Austro-Hungarians claim to have cut in two the Russian forces which retreated after losing the Lublin-Chelm railroad.

LEAVE JOLIET;  
ESCAPE EASILY**

(Associated Press Telegram)  
Joliet, Ill., Aug. 12.—Dave Anderson, a life convict, and one of the honor squad at the penitentiary, is at large. It is said that he considered that his promise to Warden Allen, by which he became one of the prisoners who were not guarded, ceased to be binding when the warden resigned.

Harry Paterson, sentenced from Vandalla, for 20 years, and C. E. Barlow, Bloomington, serving ten years, joined Anderson in the escape. All were employed on the "honor" farm at Lockport, near here. Their escape was not known for several hours as they were permitted to go from the farm unquestioned.

Anderson, who is twenty-six years old, was sentenced to hang for the murder of Detective Michael Callahan, in Chicago, seven years ago, but Governor Dineen commuted the sentence to life imprisonment.

## SEVEN HUNDRED NEWARK MASONS TO ZANESVILLE

MADE GREAT SHOWING IN BIG PARADE INCIDENT TO CORNERSTONE LAYING

Of Bethesda Hospital Which Was Placed Sunday—Special Train Carried Newark Crowd.

One of the largest Masonic crowds ever assembled in Zanesville gathered Sunday afternoon to assist in the exercises attendant upon the laying of the cornerstone of the new Bethesda hospital by the Ohio grand lodge of Masons.

It is estimated that fully 7000 visitors, including women and children, were in the city. Of this number 4500 registered to participate in the parade of Masonic bodies which preceded the laying of the cornerstone.

Of this number more than 700 attended from Newark. A special train of ten coaches left Newark at 12:25 o'clock and the cars were comfortably filled. Besides these a large number of Newark people went to Zanesville in automobiles and on the Ohio Electric.

St. Luke's commandery, Knights Templars, had 135 swords in line and the Blue Lodge members numbered more than 400.

Licking county also furnished the parade nearly one hour and necessitated a change in the proposed line of march, but notwithstanding the downpour the procession to the hospital was one of the most imposing spectacles of its kind ever witnessed in Zanesville.

An accurate count of those in line was not possible but it is estimated by members of the parade committee that over 6000 men were in the column. Music for the parade was furnished by seven bands, the organizations being the Ladies' Masonic band of Chicago Junction; Buckeye band of Newark; McConnelville-Malta band, the Brownsville band, the Roseville band and the Seventh Regiment and the Zanesville Concert bands, of that city.

Despite the rain a great crowd assembled at the hospital grounds to witness the ceremony. The exercises were deeply solemn and impressive. In the absence of Grand Master George L. Marshall, of Dayton, Deputy Grand Master Frank H. Marquis of Mansfield, had charge of the ceremonies. The M. Robinson, of Chandlersville, a past grand master, acted as deputy grand master. M. C. Ransbottom, of Roseville, acted as senior grand warden and the office of junior grand warden was filled by Lewis P. Schaum, of Mt. Vernon, formerly of Newark, a past grand master. Dr. J. C. Darrow, a district lecturer filled the office of grand secretary. Attorney E. R. Meyer, of Zanesville, acted as grand marshal, and Rev. Hugh Wayt, pastor of the New Church of Christ, was acting grand chaplain. Other minor grand lodge officers were filled by prominent members of the fraternity.

Delegations were present from Newark, Cambridge, Lancaster, New Lexington, McConnelville, Malta, Stockport, Columbus, Canton, Coshocton, Parnessville, Caldwell, Cumberland and intermediate points, while every Masonic lodge in Muskingum county was represented. The members of the crew of the Masonic special were all Masons. C. C. Farber was the conductor and Fred Swern was the engineer.

For attorney general, T. B. McGregory is the Republican nominee, and M. M. Logan, the Democratic. For clerk of the circuit court, both races are in doubt with Rodman W. Keenon, Democrat, and Earl Huntsman, Republican, leading their respective tickets.

For commissioner of agriculture M. S. Cohen, Democrat and W. C. Hanna, Republican, were nominated.

PARENTS BELIEVE THEY WILL FIND KIDNAPED CHILD

(Associated Press Telegram) New York, August 9.—Mr. and Mrs. Charles Glass, of Jersey City, N. J., today were on their way to Norman, Oklahoma, to recover their four-year-old son, James, who was kidnapped in Greeley, Pa., on May 12, last. Mr. Glass is an auditor in the employ of the Erie railroad.

The missing boy vanished when his mother left him playing in the street. Aided by detectives, his parents searched for him in a dozen states. Several days ago Mr. and Mrs. Glass received a message from the chief of police of Norman, saying he believed he had found the boy. According to advisors, the child was left by an unidentified woman in the custody of William Malore, of Norman, in response to Mr. Malore's advertisement for a boy to adopt. A photograph and marks of identification have convinced Mr. Glass that his son has been found. Why, or by whom, the boy was kidnapped is unknown.

## REFERENDUM ON BILLS FAVORED BY GOV. JOHNSON

(Associated Press Telegram) Sacramento, California, August 9.—The referendum has been invoked against two of the four non-partisan state election bills, the chief measures advocated by Governor Hiram Johnson, at the recent session of the California legislature. The last belated petitions on file here today with the secretary of state, assure a place on the ballot for the measures at the special election next October.

The non-partisan election bill eliminates party designations for all kinds of offices. The second of the two measures, the operation of which is now held up, prescribes the form of ballot to be used in future elections, under the non-partisan act.

## BY PRODUCTS OF COKE PRODUCTION WORTH MILLIONS

(Associated Press Telegram) Washington, August 9.—Millions of dollars worth of by-products from coke production are literally thrown away annually in the United States through the continued use of the obsolete beehive oven process, according to a report today by the geological survey. The loss by that method last year is estimated at fully \$40,000,000. In 1914, the total output of coke was 34,531,914 short tons, valued at \$88,331,217. Of this output, the report says 23,335,971 tons were made in beehive ovens, with an almost total loss of the by-products, such as tar, ammonia, gas and benzol, and 11,195,943 short tons were produced in by-product ovens, with a recovery of over \$17,500,000 worth of by-products.

## RECEIVER HAS BEEN NAMED FOR DRESDEN BANK

Zanesville, August 9.—Attorney F. E. Pomeroy, representing John A. Best, receiver of the Dresden National bank, has insured proceedings in involuntary bankruptcy in the United States court at Columbus against John Hornung, missing cashier of the Dresden National bank.

Prosecuting Attorney Lewis Smith has been named temporary receiver of the Hornung estate, and it is expected that he will receive instructions Monday from the United States court as to the action he is to take.

The value of the unincumbered Hornung property at Dresden has been estimated at from \$20,000 to \$25,000. The amount of the cashier's alleged misappropriation of the funds is not yet known to the police, but it has been semi-officially reported that the sum is in the neighborhood of \$50,000.

## VILLAGE NEARLY DESTROYED BY \$25,000 FIRE

(Associated Press Telegram) Columbus, Aug. 9.—Seven buildings in the heart of Harrisburg, a village 14 miles southwest of Columbus, were destroyed by a fire which broke out at midnight and burned until 7 o'clock this morning. The loss is something more than \$25,000. The Columbus fire department was called upon for help early Monday morning, but failed to respond for the reason that no adequate water supply was to be had in the town.

For seven hours the village fought the biggest fire fight in its existence. For a time the entire community was threatened and wet comforts were placed upon the roofs of homes to prevent a spread of the flames. This agency was effective.

To save other business places 200 men during the progress of the fire tore down two unoccupied dwellings.

For three hours after the fire was discovered, the residents fought it with their only weapons, buckets of water. Then a hand pump arrived, carried on the rear of an automobile from Grove City. Its operation is thought to have saved the town hall, the only building left intact in the fire-swept row.

## MAYOR MITCHELL IN A MILITARY TRAINING CAMP

(Associated Press Telegram) New York, Aug. 9.—Mayor Mitchell will be one of the volunteer recruits composing the camp of 1200 business and professional men which begins a month's training under United States army officers at Plattsburg, N. Y., tomorrow. The mayor expects to remain in camp only two weeks, which is all the time he believes he can spare from the city's business. One of his purposes in going is to set an example for other New York men, because he approves of Major General Leonard Wood's plan for military training of civilians.

## True Secret of Keeping Youthful Looking

(The Beauty Seeker.)

"The real secret of keeping young-looking and beautiful," says a well-known hygienist, "is to keep the liver and bowels normally active. Without these requisites, poisonous waste products remain in the system, polluting the blood and lodging in various organs, tissues, joints. One becomes sallow, nervous, mentally sluggish, dull-eyed, wrinkled and sallow of face."

"But to get liver and bowels working as they ought, without producing evil after-effects, has been the problem. Fortunately, there is a prescription of unquestioned merit, which may now be had in convenient tablet form. Its value is due largely to an ingredient derived from the humble May apple, or its root, which has been called 'vegetable calomel' because of its effectiveness—though one who is not to be classed with the real calomel of mercurial origin. There is no habit-forming constituent in 'Santal' tablets—that's the name—and their use is not followed by weakness or exhaustion. On the contrary, these harmless vegetable tablets tend to impart tone and elasticity to the relaxed intestinal wall. Santal tablets, which may be procured from any druggist—a dime's worth will do—will prove a revelation to any constipated, liver-troubled person."

## LURE A VICTIM INTO AUTO AND THEN ROB HIM

(Associated Press Telegram) Cincinnati, Ohio, Aug. 9.—The method of bandits in luring victims into automobiles and then robbing them was tried for the first time here this morning. The victim was John D. Miller, of Lima, Ohio. According to the police, Miller was standing at the west end of the Eighth street viaduct shortly before 2 a. m., waiting for a car. Two men came along in an automobile and invited him to take a ride with them, saying that they were going up town and would accommodate him by taking him with them. Miller got into the machine and he claims that when they reached the middle of the viaduct the two men robbed him, telling him that if he cried for help they would throw him off the viaduct.

## SLABAUGH FOR MAYOR

(Political advertisement.)

Frank E. Slabaugh, Democratic candidate for Mayor of Newark, will appreciate the vote and support of his friends at the primary election tomorrow. Mr. Slabaugh promises a straightforward business like administration if he is honored with the nomination and election.

## Great Demand for New Constipation Remedy

They say that the advent of the "santal tablet" as a vegetable substitute for calomel has resulted in an extraordinary demand for this remarkable product. It seems to have made a hit particularly with those afflicted with chronic constipation, who recognize its advantages over calomel and the usual laxatives.

Santal tablets, aside from their efficiency, doubtless owe their success largely to a tendency to aid in bringing about natural functioning—instead of encouraging the habit of over-indulgence in injuring the membranous lining of the organs involved, they exert a healing influence. They are gentle and effective, add tone to the intestinal wall. And they work so easily and gently, they are of course preferred on this account to the violently acting purgatives. Their inexpressiveness is another reason for the popularity of santal tablets. One need scarcely feel the effects of a dose, and take one tablet upon retiring, to be convinced that the ideal remedy for constipation, torpid liver, and their many evil consequences, has finally been found.—Druggists Review.

# SPLIT EVEN IN 2 GAMES; FOR PENNANT

C. A. C. AND HEISEYS DIVIDE  
HONORS IN TWO GAMES  
SUNDAY AT PARK.

Stoner A. C. Refuses to Play Second  
Game of Scheduled Double Bill  
and Heiseys Take Its Place.

(By M. J. Mills.)  
Two games of the series arranged for the championship of the city amateurs, the C. A. C. and the Heiseys, were played Sunday afternoon at Wehrle Park and resulted in an even break between the two clubs. The first game was a victory for the Diamond H crowd by a score of 7 to 2 while the second game went to the Schimpf crew by a score of 6 to 1. Both games were interesting and the backers of each team were energetic in their rooting for their favorites.

The second game of this series was played unexpectedly when the Stoner A. C. of the Capital City League refused to play the game advertised as the second contest of a double bill. The manager contended that it would be impossible for him to play this game in time to catch the evening Pennsylvania train back to Columbus and that he didn't care to lose the amount invested in his tickets. Arrangements were immediately made to play the second game of the city championship series.

While the C. A. C. drew first blood in the first game, the club was unable to maintain its lead. In the third inning, Pert, a pitcher, opened with a single. Winters promptly sacrificed him. Pert took third on Carr's out and Ratchen hit a home run over right field fence, sending Pert across ahead of him. Mauger singled to center and Cashdollar made the last out.

The glass workers came back in the fourth with two to tie. Fairall walked and was forced at second by Smeltz. Jones lifted a fly to McCarthy and was out. Bishop's single to left sent Smeltz to third and Simpson's triple to left scored Smeltz and Bishop. Brennan made the last out.

In the sixth the Heiseys sewed up the game for keeps. With Jones retired, Bishop got a life on Winters' error. Simpson singled to left and Nichols was substituted as pitcher in place of Pert. Strawn singled to center, Bishop scoring on the hit. Simpson scored on Ratchen's error of Cashdollar's assist. Brennan was out. Boie to Carr. Nutter walked and stole second. Minehart walked. Fairall was safe on Ratchen's error. Strawn and Nutter scoring. Fairall stole second and Smeltz walked. Noblik relieved Nichols. Minehart scored on Noblik's wild pitch. Jones singled but Bishop was retired on strikes.

Minehart kept the C. A. C. boys well away from the plate and got away with the victory.

In the second game the C. A. C. started in early to get revenge. Singles by Winters, Ratchen and Boie with Martin's sacrifice, Mauger's walk and Welsh's wild throw into the stands gave the Schimpf crowd two runs in the opening frame.

In the fifth Martin walked, Ratchen sacrificed and Mauger singled, after Boie was retired and Martin scored.

In the seventh, after McCarthy fanned, Martin singled to center, a feat which was duplicated by Ratchen. Boie's grounder was handled by Bishop. Ratchen being retired at second. Boie stole second, Martin

scoring on Jones' error. Mauger was an easy out.  
In the eighth Cashdollar opened with a single to right. Allen sacrificed and Gephart was out. Cashdollar scored on Thropp's error of Williams' assist. Nichols made the last out.  
The last run came in the ninth when McCarthy walked and was sacrificed by Martin. Thropp attempted to catch McCarthy at second and his throw hit the runner, McCarthy going to third. Ratchen rolled one to Jones, who attempted to catch McCarthy at the plate. His throw hit the stand, McCarthy scoring. Ratchen took second but was caught a moment later. Boie singled but Mauger was out on a fly to Williams.  
Heiseys only run came in the seventh when Jones opened with a single to right. Bishop was out on 3rd ground ball to Ratchen. Simpson's long fly to Cashdollar in center field allowed Jones to reach third and he scored on a wild pitch. Williams walked and Brennan fanned.

## South End Cubs Hand Trouncing to Newark Cubs

In a game that was void of interest, the South End Cubs Sunday morning defeated the Newark Cubs by a score of 10 to 0. The pitching of Hummel for the South Enders was the high spot in the game. He allowed the opposing batsmen but two hits and passed none of them. Ten of the nine struck out. Odell of the Newark Cubs got two bases on one of the hits, being the only base drive of the game. The fielding of the South End boys was fast and their hitting timely and often. Score:

## GAME LAWS CHANGED BY LEGISLATURE

Rabbits May Be Hunted From November 1, to Jan. 1.—Protection of Quail and Pheasants Extended.

The wild duck hunting season in Ohio is only 25 days off and sportsmen are already preparing for the big event at the various reservoirs and rivers throughout the state. The season will open Wednesday, Sept. 1 and continue until Dec. 15. Rail, goose, coot, mudhen, plover, jack snipe and the "yellow legs" can also be shot. Wood duck are protected until 1918. The woodcock season opens Oct. 1.  
The general flight of wild fowl to the south in the fall does not strike Ohio, most of the birds going down the Mississippi river and along the North Atlantic coast, but the Buckeye sportsmen get a fair share of shooting and are generally satisfied if they kill a few mallards, redheads and so on.  
The squirrel season opens Sept. 15 and lasts until Oct. 20. Legitimate sportsmen are pleased at the indication that the deadly shotgun is gradually being eliminated in hunting this game as the cutting off of the woods is making the game scarcer and scarcer every year.

General Speaks will soon issue the hunting and fishing laws for Ohio as amended and changed by the last legislature. The big change is that quail, Hungarian, Mongolian and English, "red neck" pheasants and the Carolina dove are all protected until November 15, 1917.  
Under the new law rabbits may be shot from Nov. 1 to Jan. 1, thus carrying the season through the holidays which will be acceptable to many of the boys who enjoy this species of sport.  
Fox can be shot Oct. 2 to Jan. 9; raccoon, Nov. 1 to March 1; muskrat can be trapped from Jan. 1 to April 1 and skunk from Nov. 15 to Feb. 1.

Lawks, English sparrows, crows, the great horned owl and blackbirds may be shot at any time but all hunters must secure a hunter's license, from clerks of court or township clerks anywhere in Ohio by paying a fee of \$1 with 25 cents additional. The fee for non-resident hunters is \$15.

## FED UMPIRES TO TAKE GLOSS FROM NEW BALLS

(Associated Press Telegram)  
Chicago, Aug. 9.—Use of the "mud ball," successor to the emery ball, was prohibited in the Federal League on orders issued today from President Gilmore's office here, under penalty of \$50 fine. In addition, a ruling that the umpires must rub the gloss off all new balls before putting them in play was included and the use of a sponge, wet handkerchief or other article to aid in moistening the balls was interdicted. Credit for discovering the mud ball has been given to Ed Reulbach of the Newark Federals, who is said to have used it successfully in a game against Chicago a few days ago.  
A little lump of wet sand stuck on the ball caused it to take a peculiar course, something after the fashion of the emery ball.

## MISS RUTH M'CABE THROWS BASEBALL OVER 209 FEET

(Associated Press Telegram)  
Tacoma, Wash., Aug. 6.—What was said today to be a new world's baseball throwing record for a girl, was made yesterday by Miss Ruth McCabe, when she threw a baseball 209 feet, 5 inches. Miss Dorothy Smith of Vassar is said to have established the best previous record in 1911, with a throw of 201 feet. Miss McCabe is a fourth year student in high school here.

## THEFT OF RINGS WORTH \$500 WAS CAUSE OF ARREST

Charged with the theft of diamond rings worth \$500 and money amounting to \$800, John Beck, formerly of Newark, was placed under arrest at Remington, O., near Cleveland and will be returned to this city by Officer Swinehart who left for Remington today at noon. The affidavit charging the theft was filed by Mrs. Blanche Graef who alleged that Beck stole the rings from her home several days ago.

Primary election day tomorrow. Vote.

Guardian Appointed.  
C. L. V. Holz, of Newark, has been appointed guardian for Sarah F. Kishlingberry, of Madison township; bond, \$800.

Depositions have been made in the case of William Allen Veach against Frank G. Warden.

## NEW SCHEDULE OF PRICES FOR FEDERAL GAMES

(Associated Press Telegram)  
New York, Aug. 9.—Officials of the Federal league, it was stated here today, will soon announce that a policy of popular priced baseball will be put into effect in all of the eight cities of the Federal circuit. The new prices, it was said, will be like those tested at Newark and include a rate of 10 cents for bleachers, 25 cents for pavilions and 50 cents for the grandstand.  
It was said today that President Gilmore and his associates expect to make these rates the basis of their fight against organized baseball. Mr. Gilmore said that the wholesale reduction did not indicate any corresponding decrease in the salaries of the Federal league players or any decline in the standard of their playing. The league, it was said, is making its price war on the supposition that the decline of interest in baseball this season is due to high prices.

## ITALIAN SETS NEW RECORD IN 100-MILE RACE

Chicago, Aug. 9.—Dario Resta, driving a French car at the rate of 192.85 miles an hour, won the Chicago 100-mile race Saturday. In so doing he established a new world's competitive record for the distance.  
The finish. Time. Rate.  
1. Dario Resta . . . 58:54 192.85  
2. Earl Cooper . . . 59:39 191.41  
3. Bob Burman . . . 1:01:22 98.63  
4. Barney Oldfield flagged at 96 mi.  
The previous record was established on the same track by Porporato last June. His time was 1:00:28, at the rate of 99.05 miles an hour. This was the fastest century of a 500-mile race run that day, but that contest, like Saturday's, went to Resta.  
Cooper, in an American car, fought it out, to the delight of the large crowd. The American led in the second, fourth, ninth, fifteenth, twentieth, thirty-seventh, thirty-eighth and thirty-ninth laps around the two-mile oval. His lead was most inspiring to his partisans in the thirty-seventh lap, when Resta took 26 seconds for his first change of tires, but two laps later Cooper limped in with a front fire in shreds and lost 37 seconds. Thus the fortieth lap found Resta again in the lead and he could not be overtaken. Burman managed to take second place in the fourteenth and eighteenth lap.  
Oldfield had been unable to adjust carburetor trouble and did not consider himself a real contender when he started. Burman and Oldfield each changed tires three times.

## "HANK" O'DAY GETS NATIONAL LEAGUE POSITION.

Chicago, Aug. 9.—"Hank" O'Day, veteran umpire, yesterday was re-appointed by John K. Tener, president of the National League. President Tener was in a box seat at the start of the first game of the Brooklyn-Chicago doubleheader and when Umpire Quigley took the field to officiate single-handed, Mr. Tener said word to Mr. O'Day to come to his box, where they conferred for a few minutes. O'Day then hurried away for his umpiring regalia and returned in the fourth inning of the initial game and officiated as arbiter on bases. He was given a rousing welcome by the fans, who applauded him for fully 16 minutes.  
O'Day has had a varied career. He was an old time pitcher, then an umpire. In 1912 he became manager of the Cincinnati Reds but was released after one season. He was re-appointed by President Lynch to the National League umpiring staff in 1913, worked as an umpire for one season and then was made manager of the Chicago Cubs. At the close of the 1914 season he was released, and has not been connected with the game since. He was said to have refused several offers from the Federal League.

## EVERS WILL STAY FOR CONFERENCE WITH CLUB OWNER

St. Louis, Aug. 9.—Johnny Evers, star of the Boston Nationals, world baseball champion, will not close his baseball career, with the close of the present St. Louis-Boston series, as has been reported. Evers made this statement to The Associated Press here last night.  
"I shall do nothing in the matter until I see James E. Gaffney, owner of the club," Evers said. "I shall go to Philadelphia next Wednesday night and will talk matters over with Mr. Gaffney. Until then I can say no more about this matter."  
Evers said he told newspaper men in Chicago Saturday, and others in St. Louis that he intended, quitting baseball this week, but late last night he changed his mind and decided to see Gaffney first. Evers has complained of what he termed "the unjust criticism of my work by club owners for whom I formerly played."

"SPORTING LIFE" ENLARGED.  
"Sporting Life," of Philadelphia, the oldest sporting paper in America, which for many years has confined itself to baseball and trap-shooting, has vastly broadened its scope by including in its repository of sports football, golf, tennis, hunting, fishing, yachting, motor boating, athletics, basketball, bowling, automobile, billiards, and harness racing—each in season. These are all clean and legitimate sports, which blend well with baseball and trap-shooting. For the purpose of accommodating so many additional sports, the paper has been enlarged. Sample copies sent on request.

## ALL-WRONG

The Mistake Is Made by Many Newark Citizens.  
Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.  
A Newark resident tells you how. Mrs. Charles Korzenbo, 128 Pileck Ave., Newark, says: "I suffered from terrific pain in the small of my back and at times I was so dizzy I couldn't stand without putting my hand on the wall to steady myself. The kidney secretions were unnatural and caused me a lot of annoyance. I got Doan's Kidney Pills at Smith's Drug Store, and one box made me feel like a different woman. I can now do my work with ease and sleep soundly."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Korzenbo had. Foster-McBurm Co., Props., Buffalo, N. Y. 8-9-12

## MURPHY'S HORSE CO'S BIG STAKE AT KALAMAZOO.

Kalamazoo, Mich., Aug. 9.—Peter Scott, driven by Tom Murphy, romped away with the \$10,000 Paper Mill stake, the principal event of the Grand Circuit race meeting here Saturday. Worthy Prince was unable to match his speed with that of Murphy's horse in the classic 2:08, and it was decided in straight heats. Other events, however, furnished plenty of excitement.

In the Burdick Hotel, 2:09 pace, it was necessary to go five heats before Geers won out with Russell Boy over Hal Roy, evenup favorite. Russell Boy took first two heats, but broke in the third and fourth. The fifth was a neck-and-neck affair to within 50 feet of the wire.

The 2:06 pace for the Park-American Hotel purse went five heats. Single G won over Major Ong. The Indiana horse, a favorite, took the first two heats in driving finishes, but broke on the back stretch in the third. He finished behind Major Ong in the fourth, but won out by half a length in the final heat.

Bondella, the favorite, won the 2:21 trot in straight heats with Todd McGregor second.

Tomorrow's Primary.

Primary elections are to be held throughout Ohio tomorrow, August 10. The elections, while state wide in extent, are not such in significance, as candidates will not be nominated except for offices more local in their jurisdiction. This very fact should appeal to voters in municipalities, in a manner that would impress the importance upon men and women of going to the booths tomorrow and assist in placing good, clean, honorable candidates before the electorate next November.

Local officers, such as mayors, are to be chosen. Character of the executive of the municipality in which one makes his home, and the probable cleanliness and force of his administration touch the average citizen more directly, and have to do more closely with his civic pride and happiness than the class of laws urged by a governor, or the personal predilections or even short-comings of a gubernatorial incumbent.

Every citizen owes it to himself as well as the city in which he resides, to do all in his power, not only to live right himself, but assist in placing a trustworthy, intelligent and progressive man in the office of mayor, and electing men to council who have the best interests of the city as a whole at heart, and would not waste the city's time and money in forwarding any pet scheme only which he represents. There is only one way in which to fill this obligation, and that is to go to the primaries tomorrow and vote.

Some may not believe in the primary system, and consider it a cumbersome and expensive method of choosing candidates as compared to the old way. But that is not the point. The present method is the one prescribed by law. It is not for voters to sulk, and criticize the method, but they should go and vote. Only by putting up capable candidates is it possible to elect capable officials.

Let each voter Tuesday do all within his power to see to it that his party has candidates made of the right stuff, and if that result is accomplished, the election of such men will be a foregone conclusion, and the city will be the gainer as well as each individual resident.

Food Prices in Germany.

(Philadelphia Record.)  
While the attempt to starve Germany offers small prospects of success, there is reason to take with several grains of salt rose-colored pictures of the abundance and cheapness of food in that country. The fact that a boy of 19 was sent to prison for three weeks for writing to his parents in this country "an unfavorable account of economic conditions in Germany" casts a shade of suspicion upon the official highly favorable accounts of abundance and general happiness. The recent nobbling of a market in a German town by the women on account of the high cost of provisions tends to corroborate the too communicative youth whose private letter got into print.

But if prices of food in Germany are high, it cannot be laid entirely to the efforts of Great Britain to keep out supplies. Food prices have advanced.

Experiment Farm For Licking County

(BY PROFESSOR HOMER C. PRICE.)

A county experiment farm is the last word in modern scientific agriculture. Seven Ohio counties (Hamilton, Miami, Clermont, Washington, Trumbull, Mahoning, Paulding), have already established such farms. The county experiment farm is distinctly an Ohio plan and is conceded to be the best plan to demonstrate improved methods of farming. The law provides that the farm shall be not less than 80 acres in size and shall be selected by the Board of Control and the director of the Ohio Agricultural Experiment Station. The average size of the farms already established is about 150 acres. The farm should be centrally located in the county and as accessible as possible. It is under the immediate supervision of the state agricultural experiment station and gives opportunity to test the things that

have proven most successful at the state experiment farm. Thousands of farmers visited the state experiment farm at Wooster each year but it is probable that very few farmers from Licking county have had the opportunity to visit it. A county farm would be near enough at hand so that every farmer in the county could visit it at least once each year. Seeing is believing and the county experiment farm will do more to convince farmers of the value of new methods, of improved live stock and of improved seed than all the bulletins that can be written. If Licking county will establish a county experiment farm the state and federal government will furnish a county agricultural agent to superintend the farm and to serve the farmers of the county. No county in Ohio is more favorably located than Licking. Why should we allow any other county in the state to be more progressive?

to secure such reparation as can be made for the killing of our sailors. The episode serves to emphasize the seriousness of the Haitian problem. Before long somebody must take this so-called republic in hand. It looks like another white man's burden for Uncle Sam.

The Desire Not to Work.

(Ohio State Journal.)

We are glad to see an authoritative denial of the story that Henry Ford contemplates a six-hour day for his employees. Mr. Ford is a wise and thoughtful employer and he knows that there is such a thing as cutting down the hours of labor too much for anybody's good.

Six hours a day for work and eight for sleep would leave ten for eating and recreation—far too much. In at least nine out of ten cases those ten hours would witness mighty little effort at self-improvement or self-advancement. Our observation is that those who work the hardest and the longest have the most time left for such efforts. Nothing kills ambition like getting along too easily and comfortably. A man who thinks he ought to have a six-hour day isn't worthy of having a job at all if there is anyone else around to take it. One of the most depressing features of the general situation is the common ambition to work as little as possible instead of as much and as well.

Germany's Student Soldiers. Of 64,710 students registered at 152 German universities and high schools of university rank, 50,000 have enrolled in the army. At the University of Konigsberg 10,571 were enrolled out of a total of 12,849. This is a remarkable exhibition of German student patriotism.—New York World.

Exporting Coal.

England has shut down on all coal exports except to her dependencies. Hitherto she has been willing to supply her allies; now she will not spare coal for them. This ought to create a great boom in coal exports from this country. France imports coal. Italy and Egypt are considerable importers. All the Mediterranean countries import to some extent. The West Indies and South American have been in the habit of getting coal from England. We have been breaking into the business, and we ought to be able to expand it greatly now. We have exported several cargoes to the Mediterranean but in the fact of British competition we could not do very much. Now we are free from that competition.—Philadelphia Record.

Czar's Easter Egg.

The most marvelous Easter egg was sent Czar Nicholas three years ago by the city of Paris. It was incased with precious stones and rested on a cushion of finest silk. The egg was mounted by a golden crown in which was an almost invisible button. When the button was pressed the egg flew open revealing a charming miniature of the czarina.—Springfield Republican.

Panama Canal.

Official reports claim that the Panama canal is now on a paying basis, and that with the ditch closed half the time because of slides, and commerce only a fraction of its normal volume on account of the war. When peace comes, and the canal is fully completed, Uncle Sam ought to get a pretty good interest return on his investment.—Columbus Citizen.

WILLIEWAUGHTS.

When corks are popping and youths are yawning a dactylarian song, we graybeard relics, old world-worn scribes, remark, "They're starting wrong." The voices raucous that jerr and mock us, and sing of joy today, will wall in sorrow, some dark tomorrow for chances thrown away. For wine's a mocker, a plexus shocker, that ruins nerves and brain, it sets leads aching, and hearts a-breaking, and fills your bones with pain. Strong drink is razing, and when you're using, you realize this truth: Oats being handy, you curse the brandy and sin you drank in youth. Old age discloses emurped noses, and hands that shake and twitch and maddled groucher, and midnight couches in alley or in ditch. The gilded fellows whom vassal mowls in gilded hooze saloon, some day may grovel in squalid hovel, and pray for just one prun. Where are the singers, the gay humdiggers who wish me drunk and spliced? In countless numbers they have their slumbers out in the Potter's Field. The Progressive Class club of White Chapel held a monthly meeting at the beautiful country home of Allie Mae Clarke, August 6th at Fernwood, three miles south of Newark. The greater part of the evening was spent in business discussion by the class, and the later part was sociably spent in games of amusement. Ice cream, cake and orangeade were served to the crowd.

The members present were as follows: Misses Allie Mae Clarke, Helen and Isabelle Glenn, Lulu Coffman, Forrest Crouse, Phoebe Ellen Brown, May

Farker, Lucille Dicken, Helen Turner, Eva Chism, Mary and Hazel Dicken; Messrs. John Ryan, Russell Warner, Paul Groves, Kirby Clem, George Belt, Deway Boner, Lester Coyle, Carl Clugish, Frank Brown, Cary and Vernon Cullison. The visitors were: Misses Eva Paxton, Ida Johns, Paul Swinehart, Osa Clark, Ruth Swartz, Russell Crouse, Hilda Foreman, Lulu Willard, Messrs. Hugh Conn Doney Dorsey, Orville and Kate Felumlee, Gladys Kinney, Mary Williams, Ethel Hall, Francis Tavenor, Agah Albright, Edward Myers and Miss Ashton.

June 27th the class visited a shut-in, Miss Emma Loyd, of Loyd Shop, and on August 1, Mrs. Gray of Locust Grove.

The next regular class meeting will be held at the home of Cary and Vernon Cullison on the Jacksonville Pike, September 3.

## Granville

[Special to The Advocate]

Granville, Aug. 9.—The Granville correspondent for the Advocate in behalf of Granville subscribers would like to express the appreciation felt by all public minded citizens for the recent action of the Advocate in guaranteeing the \$1,500 for the Chautauqua in Newark next year. The people of Granville felt that it was a fine thing for the Advocate to do.

The Women's Missionary organizations of three churches, the Baptist, Presbyterian and Methodist, will hold a union meeting, Wednesday afternoon, at half past two o'clock in the Presbyterian church, to which all are invited. The general topic will be "Nass Movements" in the "Foreign Field" which will be discussed in all its bearings by the three denominations represented.

The pulpit of the Baptist church was occupied yesterday morning by Rev. Daniel Rogers. Music by the choir and offertory, solo by Mr. Kenneth Ullman. In the evening the union service was held in the Baptist church with sermon by Rev. A. J. Hawk, of the Methodist church. Mrs. C. D. Coons sang the offertory solo.

## Your Boys and Girls

The lounging gait is frequently an affection in the young, a gay word to the world that one is debonaire and unmindful of human affairs. But it carries its punishments. Stoopied shoulders in youth means that one will have an old carriage when one is only middle aged. To retain the figure of youth is one way of hanging on to the youthful spirit.

Every deviation from nature is not

merely an offense to the trained eye but it is a practical blemish in one's physical existence. It not only disfigures a girl but puts her to actual disadvantage. Bent shoulders cramp the chest, contract the lungs, lessen physical vigor, weaken the muscles, and causes actual deformity.

Hold the chin high, have the shoulders square, keep the spine straight, and no matter what the "proper" walk of the moment may be, you will look like a strong, sensible, healthy girl.

## In Milady's Boudoir

By Gwen Sears

There is a great wave of prohibition sweeping over this country, yes, all over the world, and the woman can help the universe to arrive at that utopian state, by stopping the habit, if they are unfortunate enough to have it, and at the same time, enhance their beauty, which can never be without the presence of the "hard" look which the woman has who drinks, even though she be a "moderate" drinker.

I feel sorry for women who accuse themselves to taking what they call a bracer, for I know they cannot be content with one bracer, but become addicted to becoming artificially braced many times during the day. It only takes the second drink to make a drunkard. A glass of champagne may be harmless when taken during dinner, but two glasses will cause the face to flush and look anything but attractive.

Drink is never necessary to the woman in good health; it heats the blood, retards digestion, causes acidity in the stomach, and ruins every vestige of beauty. It is often the cause of making a lovely girl look disgustingly vulgar. I do not think wine, or any kind of liquor, should be offered to young people. If girls could realize the horrible consequences of drink they would fly from it as quickly as they would from the plague.

When a girl or woman is addicted to drink it is the end of all for her. Friends and family are ashamed of her; she is disgusting to everyone she meets. She finds herself eventually alone with her enemy, face to face, ever fighting her and ever overcoming her. She may have looked fascinating with her first drink, but she ends by becoming a loathsome sight to all.

## "Over The Wire"

[By Dorothy Clarke]

I bought the dearest blouse for my new brown suit. . . . It's made of white handkerchief linen with an old rose linen strip down the center. . . . The collars and cuffs are also old rose, lined with old blue, which shows at the points of the collar and at the turn back on the cuffs. . . . At the throat is a small black silk ribbon bow. . . . The buttons are dull gold. . . . Large and small tucks, together with hemstitching, extend nearly all the way across the front of the blouse, and the sleeves are set in with hemstitching. . . . I'm going to wear it tomorrow morning. . . . Did you know Jack had bought a speed boat? . . . We are going for a trial trip tomorrow. . . . It's a perfect beauty, but I simply can't think of a good name. Can't you suggest one? Call me up if you get an inspiration. . . . Good-bye, dear. . . .

## So Crisp

---and Delicious, too!

There are definite reasons why the New Post Toasties are vastly superior in crispness and flavour to any other corn flakes.

In the new process of baking, intense heat raises tiny air "puffs" on each flake, bringing out a decidedly new and delicious flavour—the true flavour of the corn—unknown to the corn flakes of the past.

Owing to this new process the New Post Toasties maintain their crispness until eaten and do not grow soft and mushy in the bowl like other corn flakes.

The flavour is so delightfully pleasant that the New Post Toasties may be eaten and relished dry, though of course they are generally served with cream, rich milk, or fruit with a sprinkling of sugar.

MERCER RESIGNS CLERKSHIP OF CO. COMMISSIONERS

F. T. Mercer handed his resignation to the Board of County Commissioners Saturday with the following note: Newark, O., Aug. 7, 1915. To the Honorable Board of County Commissioners of Licking county: Gentlemen: Having been appointed postmaster for the City of Newark, O., I hereby resign as clerk of the Board of County Commissioners of Licking county, O., and in severing my connection with the very important and trying office of County Commissioners, I want to say, that in my opinion there is no office, anywhere, that has been filled with a greater degree of integrity and efficiency than has the office of County Commissioner in Licking county, Ohio, the last six years, and I want to leave this record of my appreciation and thanks to George T. Tachner, J. E. Brownfield and S. I. Tatum of the former board, and Ben B. Jones, J. H. Orr and F. R. Dumm of the present board, for their many acts of kindness and consideration. I am, yours respectfully, F. T. MERCER.

NEW COMMISSIONERS WILL APPOINT CLERK.

The County Commissioners lost their clerk when F. T. Mercer assumed his duties as postmaster this morning. The Board will not make a new appointment but will get along as best they can until the new board begins its term. The new board comes into office on the 20th of September, and they will appoint a new clerk.

OFFICERS ELECTED.

Cedar Point, Ohio, August 9.—The Associated Ohio Dailies elected this session by re-electing G. W. C. Perry, of Chillicothe, president and Louis H. Brush, of Salem, secretary.

SLOT MACHINES ORDERED OUT AT BUCKEYE LAKE

The whirl of the wheels of the slot machines, accompanied occasionally by the jingle of falling coins has been silenced at Buckeye Lake park and other resorts on the lake. Sheriff Charles Swank visited the places Saturday afternoon and evening, and issued orders to all those who have been allowing the machines to be operated, to remove them at once. Sheriff Swank announced that while his order was issued directly to offenders at Buckeye Lake, that the order is effective throughout the county. No slot machines or gambling devices will be allowed anywhere in the county, according to the sheriff.

ONLY AMERICAN

George E. Carothers, special agent of the state department, that interference with foreign property and imports was halted by the announcement of the coming of General Scott, no information has come to give an inkling of the exact nature of the commission General Scott bears.

The Villa leaders expect from him representations on peace in connection with the Pan-American conference.

The foreign merchants and mining corporation representatives expect assistance, the former in the rescinding of orders of confiscation and the latter a clear statement from General Villa as to what will be required of them at the meeting he has called of mining men at Chihuahua City.

MANIFESTO

Being Prepared by Carranza to Issue to American People.

[ASSOCIATED PRESS TELEGRAM] Galveston, Texas, Aug. 9.—General Carranza is preparing a manifesto to the American people, in which he plans to review the Mexican situation and make public the correspondence between his government and the state department. Notice of the preparation of the document was received today by Juan T. Burns, Constitutional consul here.

VILLA LEADER

Commends Wilson's Efforts to Secure Establishment of Peace.

[ASSOCIATED PRESS TELEGRAM] El Paso, Texas, August 9.—General Raul Madero, commander of a division of the Villa forces, Villa governor of Nuevo Leon state, and member of the family of the late Francisco Madero, issued a statement which was made public on the Pan-American conference. After prefacing with a declaration that the subject was his personal views and of no official weight or significance, General Madero said:

"Nothing is more desired by the Mexican people than to re-establish peace and stable government, but the pride of a sovereign people naturally demands that if assistance must come from an outside source, that it must be accomplished with honor to ourselves and without in any way infringing our national pride.

"During this revolution, many people have openly advocated what is called armed intervention. President Wilson followed the even course, which now seems to be culminating in a satisfactory solution.

"The people of Mexico are beginning to think for themselves. In 1910, the principal reforms fought for were political, that is to say, a certain man for president with no re-election and equal franchise. The agrarian problem was considered in a secondary way.

"Today, as evidenced, not only by the successive plans of several leaders, but the acts and statements of the leaders and the people as well, we have a very patent indication of the healthy growth which the Mexi-

Springfield, Ohio.—"I used 'Golden Medical Discovery' as a tonic and building-up medicine. I was run-down so that I weighed 15 lbs. less than usual. I was tired-out and suffering. I learned of 'Golden Medical Discovery' through a booklet left at the door, and used three bottles of 'Discovery.' I began to build up and get stronger and I now have my usual weight and strength back again."—Mrs. MAUD HAINES, 17 No. Shaffer St., Springfield, Ohio.

Dr. Pierce's Golden Medical Discovery is absolutely free from alcohol and injurious drugs. You can take it and be certain you will find it a true blood maker, tissue-builder, and restorative nerve tonic and that it will produce no evil after-effect. Thousands—probably many of your own neighbors—are willing to recommend Dr. Pierce's Golden Medical Discovery because it has made them stronger in body, brain and nerve.

You can get Dr. Pierce's Golden Medical Discovery in tablet or liquid form from dealers in medicine, or send 50 cents to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y., for a package by mail.

"Making Good" Makes Friends

There is no way of making lasting friends like "Making Good"; and Dr. Pierce's medicines well exemplify this. After more than four decades of popularity, their friends are numbered by the hundreds of thousands. They have "made good" and they have not made drunkards.

A good, honest square-deal medicine of known composition is Dr. Pierce's Golden Medical Discovery.

It enjoys an immense sale, while most of the preparations that came into prominence in the earlier period of its popularity have "gone by the board" and are never more heard of.

can people have gone through and that the finished product is very nearly ready to emerge from the furnace.

"It is my belief that foreign capital must and will be encouraged to invest in Mexico and will receive every guarantee. I do not mean that special privileges should be given, as was the rule of Diaz, but that capital tending to establish industries and earn its right to be invested will be encouraged.

"One thing which must be dealt with is a sound and safe tariff law."

FIVE OF FAMILY FATALLY HURT BY INTERURBAN

[ASSOCIATED PRESS TELEGRAM] Cleveland, August 9.—Five persons, all members of the same family probably were injured fatally today when a farm wagon in which they were riding was struck by an interurban car, east of the city. The victims are:

Carmen Malloni, 36; his wife, Carmella, 30; and their children, Rosie, 11; Tony, 7; Mary, 3. The skulls of all five were fractured and Mrs. Malloni's right leg was cut off. They were taken to a hospital here, where physicians said none of them could recover.

The car, operating from Painesville to Cleveland over the Shore Line, was telescoped and the motorman was cut by flying glass. The passengers were uninjured.

It is understood that the party in the wagon were on their way to a berry patch.

Mrs. Malloni died this afternoon.

WORK OF RAISING STEAMER EASTLAND WAS BEGUN TODAY

[ASSOCIATED PRESS TELEGRAM] Chicago, August 9.—Work of raising the steamship Eastland from its bed in the Chicago river was started today. Officials directing the operation said that the 3000 tons of water in the hull probably would be pumped out by tomorrow when it is expected the Eastland would be set upright for the first time since the boat keeled over two weeks ago, carrying a thousand persons to their death. A huge steel crane brought from Cleveland will be used with a wrecking tug in floating the ship.

RELIEF WORK AT ERIE PROGRESSES; NO MORE BODIES

[ASSOCIATED PRESS TELEGRAM] Erie, Pa., Aug. 9.—Relief work among the victims of last Thursday night's flood has been so successful that all the sufferers are now being cared for, and the fund in charge of the general committee has passed \$25,000. Thorough search of the ruins is being pushed vigorously, but no bodies were found during the night. The Erie real estate board today began a survey of the Mill Creek run district to determine the exact property loss.

BRITISH TRADE FIGURES.

London, Aug. 9.—The British board of trade's actual figures for the month of July show an increase in imports of 16,171,663 pounds sterling (\$80,858,315). The principal increases were in food and metals.

The exports show a decrease of 34,721,511 pound sterling (\$173,607,555), chiefly in coal, yarns, textiles and machinery.

The imports from the United States in the half year ending July 30, amounted in round numbers to 124,000,000 pounds sterling, (\$620,000,000) in the same period a year ago, the imports reached 70,400,000 pounds sterling, (\$352,000,000), while the year before they totalled 69,000,000 pounds sterling, (\$345,000,000).

THIS WOMAN'S SICKNESS

Quickly Yielded To Lydia E. Pinkham's Vegetable Compound.

Bridgeton, N.J.—"I want to thank you a thousand times for the wonderful good Lydia E. Pinkham's Vegetable Compound has done for me. I suffered very much from a female trouble. I had bearing down pains, was irregular and at times could hardly walk across the room. I was unable to do my housework or attend to my baby I was so weak. Lydia E. Pinkham's Vegetable Compound did me a world of good, and now I am strong and healthy, can do my work and tend my baby. I advise all suffering women to take it and get well as I did."—Mrs. FANNIE COOPER, R.F.D., Bridgeton, N.J.

Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs, contains no narcotic or harmful drugs, and to-day holds the record of being the most successful remedy for female ills we know of, and thousands of voluntary testimonials on file in the Pinkham laboratory at Lynn, Mass., seem to prove this fact.

For thirty years it has been the standard remedy for female ills, and has restored the health of thousands of women who have been troubled with such ailments as displacements, inflammation, ulceration, tumors, irregularities, etc.

If you want special advice write to Lydia E. Pinkham Medicine Co., (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

# SUNDAY BIG DAY OF CHAUTAUQUA AT SUMMERLAND

(By W. A. Holmes.) Summerland Beach, Buckeye Lake, Aug. 9. Sunday was a day full of rich things for those attending the assembly. Many from the surrounding villages came for the morning service. There were 235 enrolled in the Sunday-school session and a generous collection was received. Splendid teachers had been secured and a fine missionary talk closed the Sunday-school hour.

A large audience listened to a great sermon by Dr. Ralph E. Bailey of Cleveland, "The Simple Life." Owing to a hard rain there were not so many able to hear the concert in the afternoon. The Edison Conservatory Trio was up to its usual record in giving a fine concert, however, and it was greatly enjoyed by all present.

At four a memorial service was held for Mrs. Isabel Gann Alexander formerly of Cleveland, but lately of Akron, who died in July. This was under the auspices of Ann Hasseltine camp, and consisted of song, prayer and a brief address by Rev. M. R. Sheldon of Wyoming, who with his wife had been so well acquainted with Mrs. Alexander.

At the vesper service Mrs. Daniel Shephardson, Jr., gave a very instructive and spiritual address on the Shepherds of Jerusalem applying it to the twenty-third Psalm in a very graphic way.

Dr. W. O. Carter of Louisville, Ky., gave a very helpful and inspiring sermon on the "Sermon on the Mount." He will be here all the week and everyone will want to hear him as all of his addresses.

Saturday night a large crowd from far and near came to witness the fireworks and was amply repaid. A fine display is not often seen outside the larger centers. The enthusiasm of the crowd was evident in the lapping of hands and hoisting of scores of machine horns. Each place was better than the one before, and showed skill in selection and firing.

## ALASKAN VOLCANO IS AGAIN ACTIVE.

Seward, Alaska, August 9. Pavlof volcano, situated on the Alaskan peninsula, was in eruption the night of July 23, last, with flames accompanied by heavy black smoke shooting from the crater. This was reported today by Captain Hansen of the steamer Santa Ana, from Bering Sea ports. He also reported Katmai volcano still smoking.

# VIENNA REPORTS RUSSIAN ARMY SPLIT ASUNDER

(Associated Press Telegram) Headquarters of the Austrian army, in Poland, Via London, August 9. The defeat of the Russians on Sunday in the fighting on the line between Lubartow and Mieschow resulted in driving the troops apart, leaving a large gap between. Russian troops, fighting north of Lubartow, fled northeast, across the Vistula at Lesseckowice, about 12 miles north of Lubartow, while those around Mieschow, fled northeast to reach the Vistula by way of Baranow.

It is impossible at the moment to determine how serious a danger for the Russians this breach may prove, but probably they are deeply protected against dangerous raids upon their line of retreat by troops withdrawing from Lvangorod, along the highway running parallel with the north bank of the Vistula to Radyn.

In resisting the Austrian advance, the Russians made a desperate attack at Mieschow. The result of their left wing over the Vistula at Lesseckowice was a rout of pronounced character. It is mentioned in the official report.

### Field's Minstrels

Old New Orleans, the Crescent City, the gateway to the great river stretching thousands of miles into the heart of fertile America, is the opening scene, this year, in the Al. G. Field's Greater Minstrels, which will be seen at the Auditorium, Madison and night, Saturday, August 14. The revue, started with tales of

her. An old negro nanny and a crowd of negro fiddlers complete the scene. All of this is set to the timely music of a minstrel show's opening, and with a sudden change the minstrel men become passengers aboard the boat. The whistle blows, the bell rings and the word "All Aboard" sounds. The starting of the boat is enthralling with comedy. A fat man trying to span a widening gap, talks into the river. A woman, unable to make the boat, throws her baby on board. Then follows a scenic representation of the race between the Robert E. Lee and the Natchez, a most

The time is supposed to be just before the historical race between this boat and the steamer Natchez. OF GERMAN-AMERICAN CATHOLIC SOCIETIES TO THE STAR SPANGLED BANNER

Praised by Archbishop Ireland at Annual Convention's Opening at St. Paul.

(Associated Press Telegram) St. Paul, Minnesota, August 9.—Delegates to the sixteenth annual convention of the Federation of German-American Catholic societies, which began a four days' session here yesterday, settled down to the transaction of business today after services at the cathedral. President Joseph Frey, of New York, led the discussions at the business meeting and J. G. Juenemann, St. Paul, national secretary, submitted his report. Archbishop John Bonzano, of Rome, papal delegate to the United States, brought greetings to the convention from Pope Benedict. Archbishop Ireland, of St. Paul, praised the loyalty of the German-American Catholics to the Stars and Stripes.

"We love America, we love its flag," he continued, "but greater than all, we love the freedom of the Star Spangled Banner, which puts the power of monarchy in the hands of every citizen at least once a year when he goes to the polls. We want nothing more than freedom; we ask no special privileges."

## INCENDIARIES BURN HANDSOME HOME IN SAN DIEGO SUBURB.

(Associated Press Telegram) San Diego, California, August 9.—Search was continued today for incendiaries who caused the destruction at La Jolla, a suburb, late Saturday night of the \$50,000 residence of Miss Ellen Scripps, sister of E. W. and J. G. Scripps, wealthy publishers. A cottage belonging to Miss Scripps, also was burned. Ten valuable oil paintings in the Scripps residence were lost.

THE cardinal virtue in banking and in business is PUBLIC CONFIDENCE. It is the essential asset without which success is impossible.

It must be inspired by the personnel of the directors and the management and must be held by conservatism in the policy of conducting the bank's affairs.

This is the attitude taken by this bank since its organization in dealing with the public—and that the public has responded in the generous measure that it has, in entrusting its money to our care, is sufficient evidence that the public views the matter as we do.
